WESTERN TREES FOR WESTERN PLANTERS!

FRUIT PAYS GROWER AND CONSUMER! SHALL WE GROW MORE FRUIT AND LESS CORN?

No. WHOLESALE CATALOGUE 2.

NINTH] OF THE [EDITION.

BLOOMINGTON NURSERY,

(3-4 Mile North-East of the Court House,)

[COMMENCED] BLOOMINGTON, McLEAN CO., ILL., [IN 1852.

For the Spring of '63.

F. K. PHOENIX, Proprietor.

With best thanks for past favors, we offer this list for the coming season. AT PRICES TO SUIT THE TIMES!

With twenty-one years experience in the business, here and at Delavan, Wis., the Proprietor claims some knowledge of the varieties and modes of treatment BEST ADAPTED TO OUR PECULIAR SOIL AND CLIMATE. Our facilities here for prompt forwarding by Railroad or Express to all sections, are not excelled. We are but two days from Cairo and Dunleith, and but one from Chicago and St. Louis, by daily freight trains. Those familiar with the perishable character of trees and plants, the delay, exposure, and expense incident to lots brought from the East—especially in our Springs, usually so much earlier than theirs, will need no recommend of ours to induce them to buy West.

Our Establishment now covers 140 acres, located on high, dry, rolling prairie, perfectly exposed on all sides, and no manure used for most of our trees, giving them a thoroughly ripe, acclimated growth. We believe our stock throughout the largest and cheapest ever offered West. Particular attention desired to the stock of Apple, comprising over 300 varieties, and we believe unequalled for quantity, quality, variety, reliability, hardihood, and ☞perfect freedom from bark lice, the worst pest known to the apple grower, and for which there is no known remedy, SAVE PREVENTION—getting trees entirely free, and then keeping aloof from infested trees. To any one posted on this point, this assurance alone should render our stock worthy of special attention.

With 12 years experience in the severe climate of Wisconsin, we learned the most hardy sorts for the North-west: and our extensive acquaintance generally both East and West, during 21 years in the business, has enabled us to collect most of the choice varieties from every section. Hence we offer them as positively known to be correct, or from the very best authorities, and can furnish an admirable assortment for almost ANY SECTION of the country. For the West, most of the leading Eastern winter apples are comparatively worthless. ☞For the West, or severe climates, sound, clean, Western-grown, low-headed trees, of HARDY SORTS, in good order, are the kind. He who says otherwise, don't know or wilfully misrepresents. Our trees from here, after thorough trial in Wisconsin and Minnesota, as far North as St. Paul, have given perfect satisfaction. REMEMBER ONE GOOD TREE IS WORTH A DOZEN POOR ONES.

To Planters of Market Orchards, we can furnish 40 leading sorts, a succession, earliest to latest, one to four year trees, by the 100 each, and many by the 300 or 500 each, as per lists furnished, on application. For economy, or new farms, where only a garden spot is available for a year or two, or for shipping to distant points by Express, our small, cheap sizes are admirable.

☞To our stock of PEAR, Dwarf and Standard, Early Richmond and other hardy Cherries, SMALL FRUITS, GRAPES, Old and New, Root Grafts, Stocks, Willow Sets, EVERGREENS, Weepers, Bulbs, Roses and ORNAMENTALS throughout, we also ask particular attention. Nothing unsaleable or in bad order offered—be it ever so cheap.

TERMS AND CONDITIONS.

1.—Stock and packing guaranteed good. The utmost care taken to have articles true to name, and in no case do we wish to sell except we can please customers. ☞We desire to hear from every purchaser, and every lot sent out.☜

2.—Articles furnished at prices named, only when the number specified is taken, except as follows:—6 will be furnished at dozen rates; 50 at 100; 500 at 1000 rates, where dozen price is $2 or over, 100 price $5 or over, 1000 price $12 or over.

3.—Particular varieties named in orders furnished as far as practicable, but we reserve the right to substitute others, if necessary.

4.—Packing carefully done, in boxes or bales, for which and delivery at Depot or Express Office here, a moderate charge, per 100 trees, usually from 25 cts to $1: small packages 15to 25 cts. After packing and delivering at Depot or Express Office here, the Proprietor cannot be responsible for losses by neglect or detention. Any mistakes of ours promptly corrected.

5.—TERMS NETT CASH, with order, or (where orders are from known parties, or through Express Agt,) on delivery by Express. Our extreme LOW prices, and the impossibility of realizing on time sales, must vindicate our terms. If orders cannot be filled, the money will be returned.

6.—Remittances may be made by Draft or Express, pre-paid in par funds, N. Y. Exchange, U. S. Treasury Notes, current bank bills or equivalent: if by mail, at sender's risk, though thus far practically safe. Goods ordered by Freight Trains, without remittance, for points where there is an Express Agent, can be sent as freight in his care, with Bill for Collection on delivery—but the better way is to enclose money with order, in current bills or draft.

7.—Parties wishing to assort and pack at the Nursery, will, in all cases, be expected to superintend the work, unless otherwise arranged.

NEW stamps or postage currency received for change. The usual time to Agents for delivery

☞SPECIAL INDUCEMENTS ON LARGE CASH PURCHASES.☜ ☞PLEASE LET US KNOW WHAT YOU WANT.

☞Parties ordering will please send EARLY with order legible and separate from body of letter, with name of Post Office, County and State, and be particular to state ON THE ORDER, how they wish packages directed.

☞Expressing is confidently recommended on all small perishable lots, or for great distances, where there are many reshipments. Small plants, as Strawberry, Verbenas, Grapes, &c., will be sent by mail if desired.

We usually commence packing in the Fall about the 10th of October, and in the Spring by the 12th of March, or sometimes the last of February. For the South or Expressing, we frequently pack and ship during mild weather in winter.

Present R. R. Freight on Trees per 100 lbs., to Dubuque, 55 cts.; Cairo, 60 cts; Chicago, 40 cts.; St Louis, 45 cts.

☞One thousand Apple trees packed for shipping, ordinarily weigh—1 year, 1 to 3 feet, about 400 lbs; 2 yrs., 3 to 5 feet, 800; 3 years, 4 to 6 feet 1400; 4years, 5 to 7 or 8 feet, 2200 lbs.

Catalogues Gratis, on receipt of 2 3-cent Stamps. Letters promptly answered.

Fruit Trees and Plants for the Spring of 1863.
